Balance your emotional and physical energies, empowering your Anahata and inspiring love, compassion, and kindness.

### SUNDARI HEALING RITUAL

(90 minutes)

Sundari, meaning beautiful, is a delicate and thoughtful healing ritual that is designed to achieve harmony and balance in mind and body; creating an inner calm and outer radiance. Your ritual begins with breathing exercise (pranayama), helping to align your five pranas (life force). A holistic massage experience follows, opening up any blocked channels, aiming to balance your core chakra. Your therapist will use a combination of massage techniques best suited for you to achieve this.

Further stimulating the body's natural healing process; reflexology will be performed on your feet with the application of pressure to specific points and areas. These points correspond to different organs and systems helping to increase energy levels and circulation, eliminate toxins, and promote general wellbeing.

### SHANTI COUPLES MASSAGE

(75 minutes)

The Shanti Mantra is chanted three times to evoke peace of body mind and spirit. Our Shanti Couples Massage is designed for couples to reconnect by achieving higher vibrations together. Your journey begins with an aroma and healing massage combination to unwind the body and recharge the mind. Choose your preferred oil from mixed blends of exotic herbs and floral fusions to reinvigorate the senses. A hand, foot, and scalp ritual is performed to complement your massage experience and ensure your body is relaxed, your mind is at peace, and your spirit is uplifted.

# HEALING TOUCHES

## AYURVEDA THERAPY

The world's oldest system of holistic healing, designed to heal the body and create a balance between mind, body, and spirit. The philosophy holds that there are three basic constitutions, or doshas—vata, pitta, and kapha—that make up our physical, mental, and emotional selves - our Ayurvedic journeys seek to balance the three principle energies.

### ABHYANGA

(60/90 minutes)

A treatment that draws healing wisdom from ancient Ayurvedic tradition. Warm oils are blended with medicinal herbs for healing and detoxifying the body. Rhythmic massage techniques are applied to work along the meridian lines and restore the flow of vital energy.

### PINA SWEDA

(90 minutes)

An Ayurvedic massage therapy where warm herbal pouches are applied to the body to open the energy channels. Medicinal herbs are absorbed into the underlying tissues, improving blood circulation and repairing neuromuscular conditions to ease joint pain and leave the body feeling revitalised.

### SHIRODHARA

(45 minutes)

Restore natural balance and calm the mind and spirit with this gentle Ayurvedic treatment. After a gentle massage on the neck and shoulder area, warm oils are poured over the forehead and a head massage is performed. This therapy enhances blood circulation, improves concentration and further promotes relaxation.

### LOTUS INDULGENCE

(90 minutes)

A truly rejuvenating Ayurvedic experience combining Abhyanga rhythmic massage techniques and a focal Shirodhara head massage. A stunning blend of warm oils and medicinal herbs to help enhance the body's immunity while inducing a state of deep relaxation and emotional wellbeing.

### KATI BASTI HEALING RITUAL

(60 minutes)

A localised Ayurvedic treatment that relieves ailments associated with the lower back through the application of specially prepared warm medicinal herbs and oils. The oils are poured into a small reservoir made of herbal paste on the lower back area and absorbed directly by the body. This unique treatment helps strengthen the bones, muscles, and soft tissue in the area, providing relief from back pain, spinal disorders, sciatica, and other ailments. Your treatment includes a healing back massage.

### FIRMING BODY LIFT TREATMENT

#### Soin Lift Corps Matriciel

This multi-step treatment combines proven techniques to improve elasticity and tighten skin tissue. First, an invigorating exfoliating session removes dead skin cells. Following, a bio-reflex massage is applied using a moisturising complex that nourishes and protects. A serum or firming oil is then massaged into the skin to prevent slackening and refine skin texture. This treatment is the ideal follow-up to a slimming treatment, working to firm up any softer zones.

## WELLNESS, DETOX AND BODY CONTOURING

### COLON HYDROTHERAPY

(60 minutes)

Do you suffer from bloating, constipation, tiredness, fatigue, indigestion, headaches, or nausea? These are all symptoms of an underactive and clogged bowel. With our modern lifestyles and unhealthy diets, our digestive systems have a tendency to become sluggish, affecting the elimination of waste which can lead to problems such as constipation, IBS, extreme fatigue, and premature aging.

Colon hydrotherapy is ideal for cleansing the colon, flushing out the impacted matter, toxic wastes, yeasts, and other undesirables that build up over time. In doing so, your internal system is instantly hydrated increasing bowel motility and improving nutrient absorption, as well as replacing gut bacteria, contributing to liver, blood and kidney cleansing, raising energy levels, managing the symptoms of IBS and restoring bowel regularity.

Cocoon Medical Spa uses a closed system for colon hydrotherapy. The treatment is gentle and involves your expert therapist massaging your stomach. It is relaxing and you will feel completely cleansed after the treatment.

1 area | 2 areas | 3 areas

Cocoon's Slimming Package offers a harmonious blend of the latest scientific technologies to remove the stubborn fat that diet and exercise have been unable to shift. This treatment will reduce cellulite, shape, and firm the skin, and reduce body fat in the areas of abdomen, hips, thighs, and arms. The advanced treatment works by using a combination of technologies, including cavitation and radiofrequency, to target and destroy fat cells, while normal body tissue remains unaffected. Once the fat cells are broken down, the body naturally removes them through its normal elimination process. Expect to see results in just one appointment!

### FAT BURNER LIPOLYSIS INJECTIONS

(30 minutes)

Phosphatidylcholine, also known as lecithin or PPC, is a normal compound found in our cell membranes. The injection PPC lipolysis is used as a gentle and effective method for targeted removal of small fat deposits. It is the gentlest way to eliminate spot fatty deposits and dimples without surgery, without anesthesia, without scars and without time off. When cells are given PPC, they become too fluid and fragile and break down. PPC also facilitates the breaking down of the fat itself. The broken-down fat is transported away by the lymphatic system. It is an acceleration of the processes that take place naturally in the body. The three free fatty acids and the glycerol then get taken in the bloodstream to the liver where they are converted into bile acids and then eliminated through the alimentary tract.

### VITAMIN IV INFUSIONS

A mixture of vitamins and minerals are administered intravenously while you relax. This treatment boosts the immune system, improves energy, and alleviates hormonal problems and hangovers.

- Tationil – for detoxification

### ANTI-AGING

(60 minutes)

The ultimate combination of vitamins and minerals bring back youthful skin: Vitamin B Complex, Glutathione, and the miracle skin ingredient Alpha-Lipoic Acid with collagen and Vitamin C.
