

OCEAN WATER SPORTS

Welcome to Ocean Sports Centre at Rangali! Are you ready to have fun with a wide variety of water sports? Then come meet our experienced water sports instructors who can help you to make the most of your precious time in the water. We offer a wide range of motorised and non-motorised water sports to suit your taste for adventure.

BOAT AND FUN TUBE

Inflatable rides are a great way for couples and friends to have some splashy fun together. Find out who can stay on longest as the boat slings you back and forth across its wake. With no previous experience or training needed, inflatables are a cool activity for everyone to enjoy.

CATAMARAN SAILING

Sailing is the perfect way to experience the serenity of the ocean as you drift almost silently over the water with only the sound of the waves lapping against the hull. If you're not familiar with this activity our skippers can show you some basic maneuvers and skills to steer the vessel. Alternatively you can simply relax and be guided on a leisurely cruise to nearby islands.

GLASS BOTTOM BOAT

Book a trip on our glass bottom boat and open up a unique window to see beneath the sea. Enjoy a cruise that reveals the beauty of the nearby coral reefs and the busy lives of its marine inhabitants.

CONRAD[®]
MALDIVES
RANGALI ISLAND

ADVENTURE JET SKI

Cruising on a jet ski is a great way to explore the beautiful ocean and islands nearby. Maybe if you're lucky you'll spot a pod of dolphins on this exciting trip.

SCOOTER SNORKELLING

The Yamaha bow-rider AR240 jet boat is perfect for families and friends to jet over to the best reefs around Rangali Island. Experience the thrill of being effortlessly propelled along the reef edge by our Seadoo underwater scooters while snorkelling.

KAYAK AND PEDAL BOAT

Jump on one of our kayaks or pedal boats in the crystal clear lagoon for some extra fun on a complimentary basis.

STAND UP PADDLE BOARD

Stand up paddle boarding (SUP) is a trending sport. This activity is also an excellent exercise for training your sense of balance and core strength. Due to your naturally elevated vantage point it also allows paddlers to see deeper into the water and further out to the horizon.

SEA BOB

Seabobs are the ultimate high performance marine toy, powered by an E-Jet electric jetstream system. Feel the water rushing against your face as you accelerate on this sleek machine. At the surface, the Seabob can achieve a top speed of 20kph and underwater, 14kph. Have a go, try it out, you control the speed and how much of a thrill you get.

WATER SKIING

With the range of equipment available today, water skiing is just as enjoyable for beginners as it is for experienced skiers. Let our expert team of instructors guide you through your first session and you may be surprised by how much fun it is to stand up and carve through the water.

WAKE BOARDING

Wakeboarding is the more natural choice for those who have some experience in skateboarding or snowboarding. It's a great feeling to skim along behind the speedboat. If you're up for more adventure, cut across the wake and even try landing your first jump.

WIND SURFING

This is the perfect place to get involved in the sport of Windsurfing. Steady gentle breezes provide the ideal conditions for you to become acquainted with the basic skills during your first lesson. Our instructors will teach you how to catch the wind in your sail and glide through the water.

X-JETPACK

The X-Jetpack is the next evolution in hydro flight jetpack technology. It was developed to make the dream of flight a reality for as many people as possible. Following your pre-flight instruction on the beach, our instructors will escort you to the water where they will carefully control the power while you steer the pack. How high you can fly depends on each pilot's ability to balance and control the system.

X-JETBLADE

The X-Jetblade puts the power of hydro flight firmly under your feet. Hovering above the water's surface is an exhilarating sensation. There is no age limit for this activity, but participants need to be comfortable to swim in deep water.

HONEYMOON PACKAGE

Exclusively for honeymoon couples, grab this great opportunity to experience two different kinds of inflatables and take a jet ski for a spin inside the lagoon. This shared adventure is likely to be one of the most memorable moments of your honeymoon. Spending quality time together has never been this much fun!
