WELCOME

As guardians of places that have existed long before us, our unique vision is inspired by nature's magnitude, mystery and enchanting beauty.

Founded on shared passions and masters of innovation, we are a thriving community working hand in hand with the environment to craft beautiful, beyond bespoke experiences where discovery is a way of life.

With our Hosts as your personal guide, we invite you to explore and delight in the possibility of each moment as time melts away and lose yourself in experiences that will stay with you for a lifetime.

Sonu and Eva

Inspiring a lifetime of rare experiences

At Soneva, our creativity is driven by our understanding of what true luxury is for our guests; many of which spend most of their time in urban environments. It is about understanding their daily lives and offering them experiences that are both 'new' - in that they are rare, unusual and exceptional, but at the same time 'true' in that they are highly desired and cherished.

With our team, we continue to question and challenge what is rare, and hence a real luxury. We have curated the following rare and authentic experiences to help create precious, life-enriching stories and memories.

Hidden among dense island foliage within the Baa Atoll UNESCO Biosphere Reserve, Soneva Fushi inspires the imagination with a collection of spacious beachfront and over-water villas. Everything about this magical place feels otherworldly, from the crystal-clear turquoise water and dolphins at sunset, to the delicious cuisine available at the resort's multiple dining venues.

Nature is nurtured at the resort and each signature experience brings you one step closer to discovering its untouched beauty.

There are also several other locations close to Soneva Fushi where manta sightings are common, so the exact itinerary of the trip may vary to maximise the chance of seeing these magnificent creatures.
