InterContinental Phuket Resort partnered with Rajabhat Phuket University for a series of fine arts activities, taking place from mid of November to December.

THE GARDEN OF DEVAS

THE GARDEN OF DEVAS

Undergraduate students from the university's Fine Arts Program will be creating diverse art inspired by the resort's layout, influenced by Thai Ramayana literature. The project culminated in a Charity Fine Arts Exhibition in December, with proceeds supporting a **charity underprivileged children project**, and the contributing artists. This collaboration aimed to support young talents, showcase their creativity, and give back to the community and charity through art.
